

Minutes of Pre-bid meeting held on 12.10.11 regarding identification of Hydro Power sites and preparation of Pre-Feasibility Report (PFR) at identified sites after conducting river survey on Mahananda, Gandak and Burhi Gandak river basins under N. I. T. No-01/civil/2011-12 dated 25.08.11

The Pre bid meeting was chaired by Chief Engineer (E/M). The list of participants is enclosed as Annexure-I.

The following points were discussed in details.

The decisions taken are here under:

1. Formation of Joint venture for this work is acceptable.
2. The clause No (i) of slope of work is modified as below:
“(a) River cross section at interval of maximum 1000 m has to be taken by survey for preparation of L – section of the river.
(b) Topographical survey at every identified site will be carried out as per the standard norms of survey.”
3. The clause (vii) of slope of work is modified as below:
“The discharge of the river available with CWC/WRD etc will has to be procured for last 10 years of availability.”
4. The bidder should quote the rate for preparation of one PFR in their own hand writing on the page titled Bill of Quantity annexed at part II (price part)
5. The clause no. 4 (terms of payment) of special terms and condition (chapter iv) is modified as below:

“Phase I: Survey and its identification of projects

- | | |
|---|--|
| (a) Submission of work programme | : 20% advance of cost of survey against equal amount of B.G. |
| (b) Submission of L-section of river along with cross section | :80% Payment of survey cost less proportionate advance |
| (c) List of identified hydro power potential sites alongwith power potential calculation and their approval | :10% Payment of survey cost less proportionate advance |

(2)

Phase II: Preparation of P. F. R. of each project approval by BHPC

- (a) Submission of draft PFR report and their approval by BHPC : 40% payment of the cost of preparation of PFR
- (b) Submission of final report : Balance payment"
6. The offers will be evaluated considering the cost of survey and the cost of preparing 3(three) PFR's.
7. BHPC will not supply any toposheet, discharge data, Hydro metrological data etc. However BHPC may assist in their procurement.
8. The point no. 6 (Qualifying Criteria) is modified as below:
"The organization should have prepared at least 5 PFR of Hydro Power Projects for **Public/Private sector/Govt. Organization** and have prepared PFR/DPR on which project have been commissioned/or under construction."
9. The other terms and conditions of the NIT and Tender Documents will remain same.

The meetings ended with a vote of thanks.

12/10/11
Chief Engineer (E/M)
